

1 Corinthians 12:7-11

Compare the list of gifts in this passage with Romans 12:6-8 (and any other relevant passages you can think of).

Do you feel that you know what is meant by each of these gifts?

Do you think these lists contain all the spiritual gifts available, or are they just representative?

What gifts do you tend to place at the top of the pecking order? Why?

How and why are gifts given to individuals within the church?

How should that affect your view of others' gifts? How should it affect your use of your own?

How should it change our homegroup meetings?
