

This week at Magdalen Road we spent time in Ephesians 4 considering

v1-6: Keeping up our unity

We have a unity from God as we've been united to Christ and so one another. Paul urges the Ephesians to maintain that with patience and humility.

v7-16: Growing up in unity

God gives gifts to his church that we might, equipped by word ministries, increasingly grow in maturity and unity as we serve. We noted both the place of words and works (in love) in the mature Christian body.

Some questions for your group to consider

- What are potential barriers to unity at MRC?
- From v1-6 how and why are the Ephesians to maintain unity? Are there any surprises here?
- From v7-16 how is unity achieved? What does it look like? What's the role of speaking and words in this section?
